LOST CHOLERA SUIT

JURY DECIDES IN 1½ HOURS FOR WILLIAM H. RAMEY.

FIRST JURY DISAGREED

Second Body Decides John Jackson is Not Entitled to Recover Because 8 of 32 Hogs Died.

After one and one-half hours deliberation, a jury in circuit court here returned a verdict on both counts at 2:30 o'clock this afternoon for the defendant in a suit of John Jackson against William H. Ramey, a stock buyer of Arkoe. Jackson was suing Ramey for $273, for the loss of thirteen hogs from cholera last spring, eight of which had been bought but two days before from Ramey.

An appeal probably will be taken, it is said.

When the same case was tried in November, the jury remained out several hours and argued and argued, but it is said from the beginning, they stood pat 7 to 5 for the plaintiff, so were discharged. This time it is hoped the jury can decide one way or an other.

8 of 32 Purchased Hogs Die.

It all came about when Jackson, who conducts a farm in that part of the county, bought thirty-two hogs from Ramey, the stock buyer, March 20, 1914. Jackson claims Ramey guaranteed them to be healthy and in good condition.

Jackson contends, however, that several of the hogs became ill while he was removing them to his place, and that by the second day, eight of them had died from cholera. In addition, he says, five hogs from his own herd contracted the cholera and died, although they had been in good condition up to the time of his purchase of the Ramey hogs.

The jury trying the suit this second time is composed of James Bailey, James Jobe, Al Crane, W. L. Robb, Cecil Appleton, August Neuffer, Alva Porch, Frank Wiederholt, Elihu Shell, Ray Strickler, Charles Workmen and Henry Smock.

Should Jackson Recover

The case is attracting the attention of many farmers in that part of the county and for that matter is being watched with interest by all farmers. The court room has been fairly well filled throughout the trial by farmers in that vicinity and near Maryville.

What is more, it is said, the people of the Arkoe neighborhood are divided as to whether Ramey should or should not be made to pay for the death of Jackson's newly purchased swine. Some contend that it can not be determined when a hog has cholera, until a short time before its death, while others believe that Jackson should be reimbursed for the loss of the thirteen hogs, or at least for the eight, purchased ones which died.

ST. JOSEPH PASTOR PREACHES.

The Rev. M. M. Wales Holds Special Services at Pickering Church.

The Rev. M. M. Wales, formerly pastor of the Woodson Chapel Christian church of St. Joseph, held a special preaching service last night at the Christian church of Pickering. The Rev. E. W. Mr. Wales held the service last night at the invitation of the Pickering congregation, and if satisfactory arrangements can be made he will probably accept the charge.

'DON'T BE AN OLD SETTER'

Baptist Evangelist Gets Conversions Through Sermon on Idle, Useless Men.

At the close of Evangelist A. E. Burch's sermon on "Old Setters," a treatise on the worn out, useless at the First Baptist church revival last night, five men confessed conversion. A fair sized audience heard the sermon and special music by the choir and the Burch family. The text used by Evangelist Burch was, "Why sit here and die?"

"These are the words of the two lepers that sat at the gate of the city of Jerusalem begging alms. There was no traffic, no one coming into or going out of the city, and they were just sitting there starving, so they took their chance of going out to another people. This was their only chance for life, so they took it.

"So it is with us; there are many men tonight that might become useful in God's service if they didn't have to see their way clear through to the end. We give God no chance to come into our lives through faith. The man that would bless God must walk by faith.

Refuse, But Don't Know Why.

"The position of these lepers is the position of many a sinner in this town tonight; and, many of us church members, too. Especially is it true of those who have not taken God as their God. Every man may look up and feel the leprosy of sin depart forever and forever.

"Ask a man why he does not give up to Christ and there isn't one man in a thousand that knows why. What man is there tonight that can tell you why he does not believe in God?

Lots of Church "Setters."

"I don't believe we have a right to work and wear ourselves out and then try to make the excuse that we are 'all tuckered out,' so we can't worship God; so we can't attend our church services.

"I would hate to be an old setter, just sittin' around; curbstone philosophers. There are a lot of church members that are just sittin' around. They are not into the work of God like they ought to be. Just sittin' around—just old setters.

"Just sittin' around is so unmanly. There isn't a better way for us to serve God than to give our hearts to the faithful service. It is the most unmanly thing a human being ever did just to sit around and waste time. If he but knew it there isn't a man here but that has great opportunities and great wealth to invest.

Should Influence the Sinner.

"We cannot be the men we ought to be and sit around and waste our opportunities to serve God.

"In the hour of death is the hour when the man whose life is right counts for God and eternity. I don't think much of church members that live in such a way that they have no power over the unconverted men and women."

PICK ROAD BOSSES

STATE HIGHWAY COMMISSIONER URGES BETTER OVERSEERS.

'HUNT UP CAPABLE MEN'

Frank W. Buffum Advises County Court That Farmers May Help in Traction Work.

An appeal for the selection of more capable road overseers by the various county courts of the state has been received by the county court here from Frank W. Buffum, state highway commissioner. As the road overseers for the fifteen townships of Nodaway county are to be appointed soon by these officials, the state officer is trying to insure the selection of better overseers this year than formerly. Some recommendations towards road improvements also are contained in Buffum's letter. It follows:

Jefferson City, Jan. 15.—The time has now arrived when the selection of the county road overseers will be in order, and our department desires to call your attention to the fact that the road overseer proposition in this state is a very unsatisfactory one in some localities, and causing much dissatisfaction, especially in some counties. It is caused, I believe, by waiting too late to make the selection of road overseers.

The county judges in many cases simply appoint the people that apply, and don't go into the matter thoroughly. It would be better to delay the appointment than to get the wrong persons in a matter of as much importance to all the people.

Need Better Road Laws.

I believe it is going to be an absolute impossibility to build the roads of the state without road overseers until some legislation is passed that will have the roads built by a contract system of the whole county, or possibly by township units, and a means of raising revenue sufficient to carry the same into effect continuously. Otherwise it would be no great improvement over the present plan, but we do believe that the road overseers can be a class of men who will get results for our state.

With that in view, we are asking that you give this matter more attention than usual. Try to get men who will work for the interest of the state, and not for their own revenue; or for the building up of roads around their immediate homes, to the detriment of the balance of their district; or who build the roads at the wrong time of the year; or are not competent to build roads.

Should Use Tractor.

If you will take these matters into consideration, you should have a good or at least better road system. It is to be hoped that this year our county courts that have not already done so will see the great necessity of putting in heavy and powerful machinery that will work on the roads during the road building season, commencing in the spring and working until late in the fall.

If you get your roads built at but little cost to the county, at least compared with the results you will obtain. People will be willing, as a rule, to pay a bonus sufficient to operate a tractor and grader system in their immediate vicipity, and to do the work and haul the cement, stone and gravel, the forms and cement are furnished for culverts by the county court.

Overseer's Pay Too Small.

The small sum that the average road overseer receives from taxes is such that he cannot be blamed for making such a small showing. If you can furnish him the use of a tractor, and he can use his small fund to help operate it, you will get your roads built cheaply and quickly, especially if you will get him to spend his fund, where people in a locality will subscribe liberally.

It is thought advisable to call your attention to these matters, so that you can commence to select these overseers on their merits, not by reason of petitions (especially those they pass themselves), or who are asking it in payment of political debts, or for obvious personal reasons.

Let us all work together for the good of the state and the results will be satisfactory. Each year now shows a satisfactory gain over the preceding year, and we hope 1915 will break all records for good roads.

LARABEE MISSING

SUIT AGAINST "HIGH FINANCE" FARMER GOES OVER.

TO COMPROMISE OTHERS

W. M. Larabee Being Absent, Court Continues Suits to April—Banks and Individuals in Litigation.

Just because the defendant cannot be found, one of the most important and interesting suits now docketed in circuit court went over until the April term or later, at the order of Judge W. C. Ellison this afternoon. And what is more, other suits evolving out of it appear to be on the compromise and settlement list.

When the note suit of the First National bank of Shenandoah, Ia., against W. M. Larabee was called soon after court convened this afternoon, counsel for the bank announced that the said Larabee was among those missing, and asked for a continuance. The court thereupon ordered that the defendant be notified, if possible, by publication of the litigation against him.

Whereabouts Unknown.

The alleged "high finance" stunts of this said Larabee, a farmer near the Iowa state line, northwest of Elmo, began about a year ago. At that time he operated his 77-acre farm. He is married and has a family of several children. They have not heard from him since his departure last fall, it is said.

Totaling the amounts named in the various suits now pending in circuit court here, in which Larabee is involved, it has reached the figure of approximately $10,500, while several other suits may be brought later if Larabee is found. As it is, there is no more property owned by Larabee that can be attached, therefore the uselessness of litigation with Larabee off fishing somewhere.

The one suit called this afternoon is for collection on a promissory note for $1,200, which the bank alleges Larabee made April 6, 1914. It was payable six months later with interest at 8 per cent.

The other suits which, it is announced, may be compromised, are for collection on notes of various sums, the largest being for $3,700. Another is for $1,600, one for $1,000, one for $625, and so on down the line.

A hearing by the court of the suit of John A. Fields, administrator of the estate of Patient Ellis against O. M. Dysart and others was called after the Larabee case was continued. Lloyd Booher, son of Congressman Charles F. Booher, of Savannah, is representing the plaintiff in the suit.

CLUB INTEREST GROWS

Clyde Culture Council Doubles Membership at Last Meeting—Is Neighborhood Organization.

The Clyde Culture Council, a social center organization, composed of the patrons of the Clyde school district, west of Hopkins, will have a "farmers' evening" on the night of January 29, when the entire evening will be devoted to the discussion of things interesting to the farmer and the farmer's wife.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy and Luxuriant at Once—No More Falling Hair.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

LOST CHOLERA SUIT

JURY DECIDES IN 1½ HOURS FOR WILLIAM H. RAMEY.

FIRST JURY DISAGREED

Second Body Decides John Jackson is Not Entitled to Recover Because 8 of 32 Hogs Died.

After one and one-half hours deliberation, a jury in circuit court here returned a verdict on both counts at 2:30 o'clock this afternoon for the defendant in a suit of John Jackson against William H. Ramey, a stock buyer of Arkoe. Jackson was suing Ramey for $273, for the loss of thirteen hogs from cholera last spring, eight of which had been bought but two days before from Ramey.

An appeal probably will be taken, it is said.

When the same case was tried in November, the jury remained out several hours and argued and argued, but it is said from the beginning, they stood pat 7 to 5 for the plaintiff, so were discharged. This time it is hoped the jury can decide one way or an other.

8 of 32 Purchased Hogs Die.

It all came about when Jackson, who conducts a farm in that part of the county, bought thirty-two hogs from Ramey, the stock buyer, March 20, 1914. Jackson claims Ramey guaranteed them to be healthy and in good condition.

Jackson contends, however, that several of the hogs became ill while he was removing them to his place, and that by the second day, eight of them had died from cholera. In addition, he says, five hogs from his own herd contracted the cholera and died, although they had been in good condition up to the time of his purchase of the Ramey hogs.

The jury trying the suit this second time is composed of James Bailey, James Jobe, Al Crane, W. L. Robb, Cecil Appleton, August Neuffer, Alva Porch, Frank Wiederholt, Elihu Shell, Ray Strickler, Charles Workmen and Henry Smock.

Should Jackson Recover

The case is attracting the attention of many farmers in that part of the county and for that matter is being watched with interest by all farmers. The court room has been fairly well filled throughout the trial by farmers in that vicinity and near Maryville.

What is more, it is said, the people of the Arkoe neighborhood are divided as to whether Ramey should or should not be made to pay for the death of Jackson's newly purchased swine. Some contend that it can not be determined when a hog has cholera, until a short time before its death, while others believe that Jackson should be reimbursed for the loss of the thirteen hogs, or at least for the eight, purchased ones which died.

Mr. Wales held the service last night at the invitation of the Pickering congregation, and if satisfactory arrangements can be made he will probably accept the charge.

'DON'T BE AN OLD SETTER'

Baptist Evangelist Gets Conversions Through Sermon on Idle, Useless Men.

At the close of Evangelist A. E. Burch's sermon on "Old Setters," a treatise on the worn out, useless at the First Baptist church revival last night, five men confessed conversion. A fair sized audience heard the sermon and special music by the choir and the Burch family. The text used by Evangelist Burch was, "Why sit here and die?"

"These are the words of the two lepers that sat at the gate of the city of Jerusalem begging alms. There was no traffic, no one coming into or going out of the city, and they were just sitting there starving, so they took their chance of going out to another people. This was their only chance for life, so they took it.

"So it is with us; there are many men tonight that might become useful in God's service if they didn't have to see their way clear through to the end. We give God no chance to come into our lives through faith. The man that would bless God must walk by faith.

Refuse, But Don't Know Why.

"The position of these lepers is the position of many a sinner in this town tonight; and, many of us church members, too. Especially is it true of those who have not taken God as their God. Every man may look up and feel the leprosy of sin depart forever and forever.

"Ask a man why he does not give up to Christ and there isn't one man in a thousand that knows why. What man is there tonight that can tell you why he does not believe in God?

Lots of Church "Setters."

"I don't believe we have a right to work and wear ourselves out and then try to make the excuse that we are 'all tuckered out,' so we can't worship God; so we can't attend our church services.

"I would hate to be an old setter, just sittin' around; curbstone philosophers. There are a lot of church members that are just sittin' around. They are not into the work of God like they ought to be. Just sittin' around—just old setters.

"Just sittin' around is so unmanly. There isn't a better way for us to serve God than to give our hearts to the faithful service. It is the most unmanly thing a human being ever did just to sit around and waste time. If he but knew it there isn't a man here but that has great opportunities and great wealth to invest.

Should Influence the Sinner.

"We cannot be the men we ought to be and sit around and waste our opportunities to serve God.

"In the hour of death is the hour when the man whose life is right counts for God and eternity. I don't think much of church members that live in such a way that they have no power over the unconverted men and women."

PICK ROAD BOSSES

STATE HIGHWAY COMMISSIONER URGES BETTER OVERSEERS.

'HUNT UP CAPABLE MEN'

Frank W. Buffum Advises County Court That Farmers May Help in Traction Work.

An appeal for the selection of more capable road overseers by the various county courts of the state has been received by the county court here from Frank W. Buffum, state highway commissioner. As the road overseers for the fifteen townships of Nodaway county are to be appointed soon by these officials, the state officer is trying to insure the selection of better overseers this year than formerly. Some recommendations towards road improvements also are contained in Buffum's letter. It follows:

Jefferson City, Jan. 15.—The time has now arrived when the selection of the county road overseers will be in order, and our department desires to call your attention to the fact that the road overseer proposition in this state is a very unsatisfactory one in some localities, and causing much dissatisfaction, especially in some counties. It is caused, I believe, by waiting too late to make the selection of road overseers.

The county judges in many cases simply appoint the people that apply, and don't go into the matter thoroughly. It would be better to delay the appointment than to get the wrong persons in a matter of as much importance to all the people.

Need Better Road Laws.

I believe it is going to be an absolute impossibility to build the roads of the state without road overseers until some legislation is passed that will have the roads built by a contract system of the whole county, or possibly by township units, and a means of raising revenue sufficient to carry the same into effect continuously. Otherwise it would be no great improvement over the present plan, but we do believe that the road overseers can be a class of men who will get results for our state.

With that in view, we are asking that you give this matter more attention than usual. Try to get men who will work for the interest of the state, and not for their own revenue; or for the building up of roads around their immediate homes, to the detriment of the balance of their district; or who build the roads at the wrong time of the year; or are not competent to build roads.

Should Use Tractor.

If you will take these matters into consideration, you should have a good or at least better road system. It is to be hoped that this year our county courts that have not already done so will see the great necessity of putting in heavy and powerful machinery that will work on the roads during the road building season, commencing in the spring and working until late in the fall.

If you get your roads built at but little cost to the county, at least compared with the results you will obtain. People will be willing, as a rule, to pay a bonus sufficient to operate a tractor and grader system in their immediate vicipity, and to do the work and haul the cement, stone and gravel, the forms and cement are furnished for culverts by the county court.

Overseer's Pay Too Small.

The small sum that the average road overseer receives from taxes is such that he cannot be blamed for making such a small showing. If you can furnish him the use of a tractor, and he can use his small fund to help operate it, you will get your roads built cheaply and quickly, especially if you will get him to spend his fund, where people in a locality will subscribe liberally.

It is thought advisable to call your attention to these matters, so that you can commence to select these overseers on their merits, not by reason of petitions (especially those they pass themselves), or who are asking it in payment of political debts, or for obvious personal reasons.

Let us all work together for the good of the state and the results will be satisfactory. Each year now shows a satisfactory gain over the preceding year, and we hope 1915 will break all records for good roads.

Is Re-Elected Secretary.

Dr. H. L. Stinson was re-elected secretary of the Northwest Missouri District Dental society at its annual meeting held in St. Joseph yesterday and today.

LARABEE MISSING

SUIT AGAINST "HIGH FINANCE" FARMER GOES OVER.

TO COMPROMISE OTHERS

W. M. Larabee Being Absent, Court Continues Suits to April—Banks and Individuals in Litigation.

Just because the defendant cannot be found, one of the most important and interesting suits now docketed in circuit court went over until the April term or later, at the order of Judge W. C. Ellison this afternoon. And what is more, other suits evolving out of it appear to be on the compromise and settlement list.

When the note suit of the First National bank of Shenandoah, Ia., against W. M. Larabee was called soon after court convened this afternoon, counsel for the bank announced that the said Larabee was among those missing, and asked for a continuance. The court thereupon ordered that the defendant be notified, if possible, by publication of the litigation against him.

Whereabouts Unknown.

The alleged "high finance" stunts of this said Larabee, a farmer near the Iowa state line, northwest of Elmo, began about a year ago. At that time he operated his 77-acre farm. He is married and has a family of several children. They have not heard from him since his departure last fall, it is said.

Totaling the amounts named in the various suits now pending in circuit court here, in which Larabee is involved, it has reached the figure of approximately $10,500, while several other suits may be brought later if Larabee is found. As it is, there is no more property owned by Larabee that can be attached, therefore the uselessness of litigation with Larabee off fishing somewhere.

The one suit called this afternoon is for collection on a promissory note for $1,200, which the bank alleges Larabee made April 6, 1914. It was payable six months later with interest at 8 per cent.

The other suits which, it is announced, may be compromised, are for collection on notes of various sums, the largest being for $3,700. Another is for $1,600, one for $1,000, one for $625, and so on down the line.

A hearing by the court of the suit of John A. Fields, administrator of the estate of Patient Ellis against O. M. Dysart and others was called after the Larabee case was continued. Lloyd Booher, son of Congressman Charles F. Booher, of Savannah, is representing the plaintiff in the suit.

Social Center to Hold "Farmer's Evening," January 29.

CLUB INTEREST GROWS

Clyde Culture Council Doubles Membership at Last Meeting—Is Neighborhood Organization.

The Clyde Culture Council, a social center organization, composed of the patrons of the Clyde school district, west of Hopkins, will have a "farmers' evening" on the night of January 29, when the entire evening will be devoted to the discussion of things interesting to the farmer and the farmer's wife.

The meetings of the council are held every two weeks at the Clyde school house. The programs consist of music, readings, debates, discussions and talks on subjects of common interest.

The first regular meeting was held Friday night. At that time a short literary program was given. U. A. Anderson made a splendid talk on the purpose of the organization. After the serious part of the evening was finished, all enjoyed an old fashioned spelling bee. Twenty-two new members were enrolled, making a total membership of forty-five.

The following subjects and speakers will make up the program for "farmers' evening:"

"How to Make Farm Life Happier for Farm Women"—Mrs. Ernest Ingels.

"How to Spend the Leisure Hours"—Mrs. S. G. Massie.

"How to Increase the Average Yield of Corn"—Earl Anderson.

Debate, "Resolved, that Nodaway County Needs a Farm Advisor"—Affirmative, Loren Gillespie; negative, U. A. Anderson.

"Rural Telephone, Rural Mail Delivery and the Parcel Post"—Floyd Pope.

"The Rural School and the Farm"—Bert Baldwin.

The reading numbers will be interspersed with music and songs.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy and Luxuriant at Once—No More Falling Hair.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?
